Dog Ridge Water Supply Corporation
P.O. Box 232
Belton, TX 76513

Subject: Calendar Year 2018 Elections December 26, 2017

Hello, Members:

2017 has been an eventful for Dog Ridge Water Supply and our employees, As we transition into 2018, it is the time of year to begin looking into 2018 and beyond. As such, one of the five director positions will expire in March 2018 and will be filled by a members' election at the March 12, 2018 Annual Members' Meeting. This director position is a full 3-year term. Although having prior experience with water utilities and small business management is a plus it is not a pre-requisite. In accordance with Article IV in the DRWSC Bylaws: "A person must be a member of the Corporation and at least 18 years old in order to serve as a Director. A person is not qualified to serve as a director if the person has been determined by a final judgment of a court exercising probate jurisdiction to be totally mentally incapacitated; or partially mentally incapacitated without the right to vote; or has been finally convicted of a felony from which the person has not been pardoned or otherwise released from the resulting disabilities."

DRWSC is a member owned, non-profit organization responsible for providing all of its water customers with clean, safe water at a reasonable price. Day to day activities required to keep the distribution system operating properly are carried out by trained and licensed water operators. The overall management of the corporation is the responsibility of the Board and a General Manager, who set policy and have the responsibility to ensure the corporation is being run efficiently and in accordance with Texas regulations. The Board itself is comprised of five, uncompensated directors who among themselves select which director serves as President, Vice-President, and Treasurer. The Directors meet for 2 to 3 hours each month (usually the second Monday) when they review the fiscal statement, pays bills, address comments from members, and appropriate any special funds required to maintain the water distribution system. You can find more information by looking through the DRWSC Bylaws and Tariff on the website at http://dogridgewsc.com.

Being a director has no perks but it is an opportunity to use your experience to make your water provider better and to give back to the community. Unlike town and city water utilities, rural water companies, such as DRWSC, are dependent on their membership for management and control. Please consider stepping up this year and applying for one of the director positions. If you are interested please fill out the attached application form and return it in person or by mail to arrive no later than January 22, 2018.

Thank You,

DRWSC Board of Directors
